I feel that the following items are not normal homeowner maintenance items and should be qualified to receive service. List the nature and location of each problem.

I have been advised it is impossible for you or any of your subcontractors to enter the home unless some adult member, over 18 years old, of my family or my representative is present. I understand the working hours of your men and the subcontractors are Monday through Friday from 8:00 a.m. to 4:00 pm.
